OBJECTIVE

Computer Science student with internship experience in data analytics projects. Proficient in Python, SQL, and Power BI. Seeking opportunities to start a career as a Data Analyst and grow into advanced roles in Data Science.

TECHNICAL SKILLS

Programming Languages:	Python, SQL
Data Analysis & Visualization:	Excel, Pandas, NumPy, Matplotlib
Databases:	SQL, PostgreSQL, MongoDB
Data Tools & Technologies:	Jupyter Notebook, Power BI, Tableau
Machine Learning:	Scikit-learn, Linear Regression, Classification
Version Control System:	Git, GitHub
Soft Skills:	Critical thinking, Problem Solving, Data Interpretation

EDUCATION

DKTE Textile & Engineering Institute, Ichalkaranji	2021 - 2025
B Tech (Computer Science & Engineering – Artificial Intelligence & Machine Learning) (CGPA- 6.80)	
Podar International School & Jr. College, Karad (CBSE)	
12 th (PCM) (Percentage- 84.5%)	2021
KCT's Krishna School, Karad (CBSE)	
10 th (Percentage- 70.5%)	2019

EXPERIENCE

Data Analyst Intern Unified Mentor	July 2025 – Aug 2025
- Analysed datasets to identify trends and business insights. - Built dashboards using Power BI and performed SQL-based analysis. - Applied Python for data cleaning and visualization.	
Machine Learning Intern CodSoft	Jan 2024 – Feb 2024
- Developed and trained machine learning models using Scikit-learn for classification tasks. - Applied feature engineering and model evaluation techniques to improve prediction accuracy.	

CERTIFICATIONS

IBM Data Fundamentals (Data Science & Analytics) – IBM Skills Build (2025) HP Data Science & Analytics Certificate – HP (2024) Data Analytics Job Simulation – Deloitte via Forage (2025) CISCO Python Certificate – CISCO (2024)

PROJECTS

Netflix Data Analysis	July 2025
- Objective: Analysed trends in Netflix content such as most common genres, release trends, and duration distribution. - Data Handling: Cleaned and transformed raw data using Pandas and NumPy for better insights. - Key Insights: Identified the most active years, top genres, and popular directors contributing to Netflix’s catalogue.	
Supermarket Sales Analysis	August 2025
- Objective: Identified top-performing branches, product categories, and peak sales periods. - Key Insights: Highlighted sales patterns by city, payment methods, and customer demographics to guide business decisions. - Outcome: Provided actionable insights to optimize inventory and marketing strategy.
